Invite your customers

We provide electronic entry vouchers (day tickets).

Each voucher can be redeemed once and is valid for a visitor day ticket for all The smarter E Europe exhibitions (Intersolar Europe, ees Europe, Power2Drive Europe and EM-Power Europe) from May 11-13, 2022 in Munich.

Please recommend your customers already in your invitation to redeem these vouchers in the online ticket shop and to personalize the ticket (tickets.thesmartere.de).
Please forward the following instructions to your customers: [Redeem voucher](#)

The corresponding visitor data will be available after the event.

Order the desired number of admission vouchers and then proceed to the voucher management. There you can decide between the following options.

Provide Registration Codes:

Each Ticket code is an individual URL leading to the Ticketshop of The smarter E Europe.
You can use the codes/links for your own mailing system.

Invitation by e-mail (Visitors):

Choose this option so you can easily enter or upload your customer data, select a mailing template (German or English) and send the mailing. Your customers will then receive an e-mail with a voucher link (day ticket) that leads directly to the ticket shop.
With this tool you have an overview of invited, registered and approached customers.

Branding Package

Our "Branding Package" is a fantastic way of ensuring that your stand is a focal point for exhibition visitors. This ensures that your visitors don't lose track of you in the whirlwind of preparations prior to the event. With the Branding Package, you are sure to stand out from the other exhibitors.

Visitors start their online registration process on a website customized to your company. Your large branded banner will accompany them throughout the registration process. Plus, you'll even be represented on the tickets in the form of a large banner. In other words, visitors you invite will have your company by their side from registration through to the exhibition itself.

Visit the Exhibitor Service Center (ESC) to get started with the Branding Package. You can sign up for the Branding Package there and, once it has been activated, use the portal to upload your banner complete with logo and stand number in the required file formats and sizes.
