World Premiere at Power2Drive Europe 2025: Cable-Sherpa Premium

At Smarter E Europe 2025, Cable-Sherpa GmbH celebrates the world premiere of the new Cable-Sherpa Premium – the company's first fully outdoor-ready cable management system for EV charging infrastructure.

With its stainless steel full-extension arm, the Cable-Sherpa Premium is designed for permanent outdoor use in both commercial and public settings. This marks the next important piece in Cable-Sherpa's product lineup, covering every use case from garages to exposed outdoor environments.

The Cable-Sherpa has been nominated as a finalist for the Smarter E Award 2025 in the E-Mobility category – a testament to the product's innovative character and relevance.

Experience the world premiere live:

Hall C5, Booth 660B

May 7–9, 2025 – Power2Drive Europe, Munich
