Rethinking Business Models: chargecloud Marketplace strengthens Innovation and Networking in E-Mobility

New partner solutions expand the offering for e-mobility providers – focus on smart charging and AI  
Cologne, April 29, 2025: chargecloud GmbH, a leading provider of e-mobility software, is focusing on the growing chargecloud Marketplace at the Power2Drive trade fair in Munich. It provides e-mobility companies with easy access to verified partner offers that can be seamlessly integrated with chargecloud's SaaS solution. This enables e-mobility providers to expand their business efficiently and respond flexibly to new market requirements.
